Exciting overnight programs for entering grades 6-8: Mission Wolf, Fire-Making & Camping, and Introduction to Backpacking. See page 42 for details.

WELCOME!

Thank you for your interest in Colorado Academy Summer Programs.

Is your child ready for the best summer ever?

Our summer programs have been around since 1951. Our campers come from as far away as Arvada, Castle Rock, Evergreen, and Parker. You don't have to be a CA student to participate. Lots of campers attend other schools during the academic year. With over 20 different programs per week, you can choose from a variety of activities that are all fun, engaging, and challenging – both intellectually and physically. Our campus consists of 94 acres of beautiful Colorado countryside in southwest Denver. Plus, we transport kids to different attractions around Denver, so you can add variety to your child's summer activities and let us do the driving.

Fun for your child. Convenience and peace of mind for you.

- Lunch included for all full-day campers
- Before and after camp available
- Bus transportation available
- Seven-to-one overall camper-to-staff ratio

Campers have access to these amazing resources:

- Swimming Pool
- Archery field and equipment
- Tennis Racquets and Eight Tennis Courts
- Five large playing fields
- Four computer labs
- Red Cross-accredited swim lessons
- Studio art workrooms

CA offers something for EVERYONE!

With a wide variety of offerings from coding to circus, day camp to soccer, rock climbing to photography, HGTV to rock band, there truly is something for everyone at every age.

Building self-confidence is our focus.

At the end of summer camp, we want every child to leave with more self-confidence; we place emphasis on this through each of our programs. Through teamwork and individual successes, appropriate risk-taking and challenging activities, each child gains a greater sense of self-worth and accomplishment. Plus, we hope they make a few new friends along the way.

SAVE MONEY!

Kids benefit from a longer camp experience. Register for more weeks and SAVE on camp.

Why do campers benefit from a longer camp experience?

Campers typically need several days to fully integrate and feel comfortable in the camp environment. After this important warm-up period, the magic begins: A child begins to learn new skills, form friendships and build self-confidence.

CAMP PROGRAMS

Director's Tip: As you read through our program summaries, remember that you can mix and match all programs, Day Camp & Specialty, to create the perfect day!
Sample schedule on page 4.

SPECIALTY CAMPS

Entering grades K-8

Choose an individual Specialty Camp or combine a partial-day Specialty Camp with a half-day of Day Camp to create a completely customized and awesome schedule for your child.

Due to state licensing guidelines, camper must be at least 5 years of age on the first day of the camp to attend specialty programs. Prices for specialty camps vary by the activity. See program descriptions on page 42.

TRADITIONAL DAY CAMP PROGRAMS

SUNSHINE DAY CAMP

**Week 4 prices are prorated based on the 4-day holiday week.*

Entering Pre-K (4 Years Old)

Calling all four-year-olds for summer camp! Our Sunshine Program is designed for four-year-olds. Located in a campus facility specifically designed for this age group, our youngest campers participate in activities tailored to their needs. Daily activities are designed around our weekly themes. We maximize the 'funshine' with daily gardening projects, arts and crafts, guest speakers, splash activities and much, much more! The Sunshine Program maintains a camper-to-staff ratio of 6:1. Campers may choose to attend either a 5-day week or 3-day (M, W, F) week program, registering for one week, or multiple weeks. *Due to state licensing guidelines, camper must be at least 4 years of age to attend this program. *Specialty camp scheduling is not available for Sunshine Campers.*

 \$415 for 5-day week \$250 for 3-day week

RAINBOW DAY CAMP

Entering Kindergarten (5 Years Old)

The Rainbow Program is designed for children who will turn five by June 11 and will be kindergartners in the fall of 2018. Located in a campus facility specifically designed for this age group, campers participate in activities tailored to their needs. Activities include arts and crafts, swim lessons, campfire program, group games, tennis fun, rock climbing, drama and music. The Rainbow Program can be combined with partial-day specialty camps to create a unique schedule for your child. This program maintains a camper-to-staff ratio of 7:1. To ensure individual attention, the total number of campers does not exceed 21. *Due to state licensing guidelines, camper must be at least 5 years of age to attend the Rainbow Program.*

 \$335 for 5-day week \$200 for 3-day week \$168 (half-day) per week

DAY CAMP

Entering grades 1-8

Day Camp for 6-year-olds to 12-year-olds is the anchor of CA's summer programs and is offered for eight weeks of the summer. The Day Camp program is based on good old-fashioned summertime fun! Join day camp for a full day or half day. Daily activities include: adventure, archery, arts and crafts, free swim, campfire program (songs, stories, community building), group games, Red Cross-accredited swim lessons, tennis fun, rock climbing, drama and music (skits, sing a silly song, be a star at the weekly parent performance) and theme days that include a camp carnival, SUP, canoeing, dunk tanks, inflatable water slides, and a circus performance! *Day Camp Activity Schedule on page 3.*

 \$335 (full-day) \$168 (half-day) per week

APPRENTICE COUNSELOR PROGRAM

The CA Summer Day Camp offers a two-week Apprentice Counselor Program for young people (ages 13-15) who wish to gain valuable experience working with and caring for children as a counselor in training. Under the guidance of a leadership coach, the apprentice counselors assist regular counselors in the management and care of campers. Apprentice counselors explore different styles of leadership and learn the importance of being a good role model. Throughout the program, apprentice counselors learn the skills and responsibilities related to working with children. \$485 for 2 weeks. Please see website for video application and registration details.

Visit website at www.coloradoacademysummer.org for details.

SAMPLE SCHEDULE

All camps are listed according to the grade that your child will enter in the fall.

HOW TO VIEW THE CATALOG

Which best describes you?

1. I would like my child to be in camp for specific weeks.

Take a look at the Calendar View:

If there are specific weeks for which you need your child enrolled, go to the weekly calendar starting on **page 5** for information on programs that are offered by grade during those weeks. The calendars provide the name of all programs and page numbers that refer you to more detailed descriptions of the programs. If you are combining day camp and specialty programs, first review the day camp schedule on **page 3** to understand which day camp programs will be missed while your child is participating in the specialty program(s).

2. My child has a flexible schedule.

Take a look at the Program View:

If you are looking for specialty programs and have flexibility in your schedule, detailed descriptions, dates, grades, and fees of all programs start on **page 42**.

TIP: Mix it up! Mix and match half-day programs (including day camp and specialty camps) to create a full day. *A sample mix-and-match schedule is available on the left of this page.*

Off-Campus Overnight Camps

Fire-Making and Camping 101

W6: July 16-July 20

July 16-18: 9:00 a.m.-3:30 p.m.

July 19-20: Overnight Trip

Entering grades 6-8

Have you always wanted to be able to create the campfire that wows all your friends? Here's your chance! Prepare to learn all about fire and practice your skills on an overnight camping adventure! Learn about where fire comes from, how it was used throughout history, and how it's affected our landscape here in Colorado. We will also explore how to prepare for a low-impact camping trip in the backcountry and learn wilderness skills to survive any outdoor scenario. Cottonwood Institute will provide needed gear upon request for the overnight trip. Our knowledgeable and well-trained instructors will prepare participants to practice fire-making skills with safety in mind, and they are Wilderness First Aid and CPR certified. \$965

Instructor: Cottonwood Institute

Introduction to Backpacking with Colorado Mountain Club's Youth Education Center

W3: June 25-June 29

9:00 a.m.-3:30 p.m. Entering grades 6-8

Learn the basics of backcountry camping and spend a night sleeping under the stars in Golden Gate State Park. This 5-day course is catered to youth with an interest in learning more about backpacking. Course content will include all the basics needed to plan and go on a backpacking trip including reading topographic maps, using backcountry stoves, planning and cooking backcountry meals, as well as how to pack a back-pack. Spend three days preparing at the American Mountaineering Center and Mt. Falcon Park for a culminating two-day and one-night backpacking trip. Students of all experience levels are welcome. \$695

Instructor: Colorado Mountain Club

Meet a Wolf Face-to-Face!

W8: July 30-August 3

5-day 4-night **Overnight Excursion**

Entering grades 6-8

Have you ever been kissed by a wolf? This is your chance! Tucked below the Sangre De Cristo mountains of Southern Colorado resides a unique sanctuary called Mission: Wolf that hosts a group of 40 wolves born into captivity. This action-packed 5-day, 4-night program combines low-impact camping at Mission: Wolf, teamwork, communication, survival and animal tracking skills, as well as completion of Action Projects to help care for the wolves and their habitat. Our knowledgeable and well-trained instructors will prepare participants to mitigate risk and provide a secure learning space; they are Wilderness First Aid and CPR certified.

Fly Fishing

W7: July 23- July 27

9:00 a.m. -3:30 p.m. Entering grades 7-9
Do you like the sound of a river flowing past you? Do you like to find yourself alone with just your thoughts in the solitude of the Rockies? Or maybe you just want to look like Brad Pitt landing the huge trout in A River Runs Through It. If any of these things appeals to you, then this is the ideal summer camp for you. In this program, students learn the skills, knowledge and the art of fly fishing. We'll explore our home state, Colorado, examining different river types, habitat conditions, aquatic ecology, fisheries as a resource, watershed dynamics and the entire time, pursuing fish with fly. Students will learn to evaluate conditions, travel safe in a backcountry setting, problem solve, and discover river locations that are close to home. Learning river access that is close to home is essential to encouraging students to continue their pursuit of the sport should they so choose. Becoming more intimate with the rivers in their home state will also serve to make them more connected with their immediate geography. Each day of the week, the group will travel to a new destination on nearby rivers. Join us for some fun on the river; it's a great way to spend a hot summer day! You too may discover you'll be haunted by waters after this program. \$600

MindDance Coding: Creating with Computers

W2: June 18- June 22

9:00 a.m.-12:00 p.m.

W6: July 16-July 20

12:30 p.m.-3:30 p.m.

Entering grades 2-8

Kids learn to code by creating their own animated stories, music, and interactive art. Each participant works with a school laptop and with **Scratch**, an MIT-developed computer programming language for young people. Participants enjoy becoming **creators** rather than just consumers of digital content. Three MindDance teachers provide inspiration and support as kids create and share their work. Participants experience a warm and social learning community that is hands-on, challenging, and fun. The Scratch programming language is free and web-based, allowing campers to work on their projects from home, long after camp is over, and to publish their work to the Scratch website. MindDance is in its 6th year of offering summer camps at CA. The camp is great for beginning and experienced coders, and many sign up for multiple MindDance camps. The 3-minute Scratch video at **MindDance.com/v1** and the 3-minute Code.org video at **MindDance.com/v2** show the joy and value of learning to code. Questions? Email info@MindDance.com. \$200

W2: June 18-June 22

W7: July 23-July 27

W8: July 30-August 3

12:30 p.m.-3:30 p.m. Entering grades 2-8

Kids experience the fun of combining coding and engineering. Each participant works with a school laptop and with Scratch, an MIT-developed coding language for young people. Campers use **Scratch** to create their own video games, musical devices, and interactive art. Next, they use craft materials to build **physical devices** to control their digital creations. For example, they build their own joysticks out of egg cartons, tin foil, wire, and popsicle sticks, or they build their own keyboards out of mat board, tinfoil, and

clothespins. Finally, they get friends and teachers to try out their games and devices. To connect Scratch with the physical world, campers work with the **PicoBoard** from SparkFun Electronics. Three MindDance teachers provide inspiration and support as kids create and share their work. Participants experience a warm and social learning community that is hands-on, challenging, and fun. SAT® ACT Boot Camp

W3: June 25-June 29

W5: July 9-July 13

(2 week camp-with a break for the 4th of July week) This camp is scheduled to finish prior to the July 14 ACT test.

9:00 a.m.-3:30 p.m. Entering Grades 10-12

If you know what's in it, you can win it! The ACT and the SAT are an important part of the college admissions process, and they are conquerable tests...if you know what to look for and what traps to avoid. You'll explore the concepts that are common to both exams during the first week of camp and have the opportunity to focus your prep on one test or prepare equally for both in the second week, with SAT-specific training in the mornings and ACT-specific training in the afternoon. Importantly, you'll take proctored, timed sections daily to learn the keys to pacing yourself and beating the clock. The right practice really can make a positive difference in your test results, and after exploring the tests section by section—learning the tricks and treatments for grammar, math, data interpretation, and reading—you'll take the official tests with ease and confidence. \$550
