

LEGO®: Jedi Master Engineering

W2: June 17-June 21

12:30 p.m.-3:30 p.m. Entering grades 2-6

Young Jedi will explore worlds far, far away and engineering principles right in front of them. Defeat the Empire by designing and refining LEGO® X-Wings, R2-units, and settlements on far-flung edges of the galaxy. Imagination and engineering combine to create motorized and architectural projects such as energy catapults, shield generators, and defense turrets.
