

5-Day Zombie Apocalypse Training Cost: \$1400

Week 8: July 27-July 31

Entering Grades: 6 7 8

5-day, 4-night Overnight Excursion Instructor: Cottonwood Institute

The virus is spreading, the grid is down: how will you survive? Ok, the Zombie Apocalypse is probably not happening anytime soon, but if it did, would you be prepared? During this 5-day, 4-night camping trip in the mountains, we will practice modern-day survival skills, off-the grid living techniques, light-hearted zombie combat training, and how to build a bug-out bag, so you can live to fight another day. Of course, we will have lots of time for Zombie Apocalypse games, exploring the mountains, and having adventures of our own throughout the week. Our knowledgeable and well-trained instructors are Wilderness First Aid and CPR certified and will provide a secure learning space to prepare participants to manage risk.
