

Science of Superpowers Cost: \$260

Week 2: June 15-June 19

Entering Grades: K 1 2 3

12:30 p.m.-3:30 p.m. Instructor: Snapology

In Snapology's Science of Superpowers program, students explore the world of their favorite superheroes. Students will learn about forces, energy, and problem solving as they build models inspired by Superman, Batman, and all their favorite heroes. Experimentation and fun are crucial components of this 'super' educational program!
