

First Steps to First Grade

W2: June 13-June 17

9:00 a.m.-3:30 p.m. Entering Grade 1

Get your child excited and ready for the big leap into first grade. Through activities, games, and crafts, we will brush up on skills learned in kindergarten and introduce new skills that children will learn their first few weeks in 1st grade. We will cover reading, writing, and math workshops to prepare your child for the rituals and routines they will encounter in their new school year. It is a wonderful week for children to build confidence, reconnect with old friends, and meet new classmates. This fun-filled week helps build the confidence of your first graders and prepares them for their year to come.

Cost: \$400

Instructors: Eliza Spear & Amy Domokos
