

Get Psyched! Experiments in Psychology

W5: July 5-July 8 (4 days only)

12:30 p.m.-3:30 p.m. Entering Grades 8-11

Psychologists have uncovered some surprising ways in which we're all affected by our social environments. This course offers an introduction to social psychology through the examination of famous psychological experiments. After discussing those experiments, we'll design and run some experiments of our own to gain a deeper understanding of how our minds respond to the influence of other people.

Cost: \$210

Instructor: Jeremy Golubcow-Teglasi
