

Minecraft Modding: World Creations

W4: June 27-July 1

W6: July 11-July 15

12:30 p.m.-3:30 p.m. Entering Grades 5-9

Minecrafters Unite! If your camper loves Minecraft, then this camp will take their skills to the next level by teaching them how to create and design their own “mods” (short for modifying) to use in their Minecraft worlds. Using Java programming, campers learn how to customize their Minecraft games by designing their new foods, blocks, and biomes with Adobe Photoshop. This camp meshes perfectly with the Character Customizations Modding Camp.

Cost: \$345

Instructor: Silicon STEM Academy
