

Podcasting 101

W4: June 27-July 1

12:30 p.m.-3:30 p.m. Entering Grades 8-10

Podcasts have become a major source of information and entertainment for nearly half of Americans between the ages of 12 and 24. This camp is for people who want to go from just listening to podcasts to producing them.

Using some of the most popular podcasts as examples, we will try to figure out what makes for a good podcast and then become amateur podcasters ourselves. By the end of the week, you will have developed a concept for a podcast, recorded an episode, and edited it into a finished product that is ready for download.

Cost: \$250
