

Robo Pets

W2: June 13-June 17

9:00 a.m.-12:00 p.m. Entering Grades K-1

Children begin to explore the world of robotics as they build simple animal models that teach the fundamentals of robotic design. Whether learning about sensors while building a fish or alligator, or discovering ways that gears, wheels, and axles create movement while building robotic dogs or frogs, your child is sure to have a great time!

Cost: \$285

Instructor: Snapology
