

S.T.E.A.M. Survivors

W6: July 11-July 15

9:00 a.m.-12:00 p.m. Entering Grades 3-6

Are you ready for a challenge? Snapology's S.T.E.A.M. Survivor program puts your student's design, building, and critical-thinking skills to the test! They are given daily challenges for which they must design functional solutions with their teammates! They earn survivor bucks when they perform well, and they can use those survivor bucks to purchase supplies or prizes throughout the camp. The goal of this program is to encourage our students to carefully work through the engineering design process to see how they can design with a purpose.

Cost: \$285

Instructor: Snapology
