

Artificial Intelligence: Pioneers

Cost: \$1,050

W4: June 26-June 30

Entering Grades: **6** **7** **8**

9:00 a.m. - 3:30 p.m.

Instructor: Inspirit AI

In this one-week immersive program, learn how to create AI projects for social good with Python programming language. Learn how computers use data to solve complex problems like natural language processing and computer vision. Explore ways to use AI to predict heart disease, create social robots, and navigate autonomous vehicles. No coding experience required.
